INTRODUCTION

公司简介

Since 1993, XIAMEN YEYANG has been in the natural stone industry from its origin of producing granite tiles. Together with the development for 20 years under the support from our clients and our effort, We have been standing in the market as one integrated industrial & trading stone group with 3 own factories equipped with modern machines from Italy, Spain.

To provide an system solution of stones for buildings, XIAMEN YEYANG are involved into quarry extraction, block import and process, export of Granite & marble tiles, slabs, countertops, cut to size. We have our team frequently visit oversea quarries to select the best materials, process by our own facilities with normative production and inspection management to guarantee the quality, and our independent inspection team makes every order to be followed at each step, this strict program results in quality products that are welcomed in export markets such as North America, Europe, East-South Asia and widely to Mid-east & Africa with about 600 containers export every year.

As a group, YEYANG not only have own 3 factories, but also we have many cooperating factories from our relatives and other cooperators, this can be quick replied to our clients' any requirements on natural and artificial stones. Our own factories play their own roles well -One big factory is specialized in the production of granite big slabs and cut to size, countertop with 4 gang saws; and the other one is specially for quartz countertops and vanity tops that are mostly for export markets; The latest new factory in NanTong city near Shanghai is established in 2014 processing marble, limestone, travertine, granite cut to size.

With these strong supports, we have the sufficient cash flow to invest more quarries in China and also contract quarries abroad. Moreover, the family alliance results in our faster development with more professional elites joining us and more orders from our clients. We have been involved into several large projects in China by domestic and foreign stones, our export team have developing deeply into segment markets(especially in USA) not only in the distribution of the slabs, countertops, but also in the projects from all over the world.

With the policy of win-win business and long term cooperation, XIAMEN YEYANG sincerely welcome new potential clients to contact us, we will be not only a part of your supply chain, but also provide you friendly service with happy time. We do believe You will satisfy us from the beginning to the end!.

WORKSHOP

加工车间

Invested heavily to build a modern workshop, advanced production equipment.

Adhere to the people-centered, unity cooperation, and establish the professional product development and design team, enhance the brand value.

LIMITED SPACE INFINITE LIFE

有限空间，无限生活感受

YEYANG Quartz Surface is composed of 93% premium grade pure quartz and 7% high quality polyester resin. It is non-porous, homogenous and highly durable and resistant to scratching, staining and water absorption and is easy to maintain.

QUARTZ SURFACE

石英石

QUARTZ SURFACE

石英石

Quartz is one of the strongest natural materials. It is also non porous, safe and hygienic and easy to care for (no need to seal, polish or wax). Quartz has been used for all applications – from kitchen countertops and backsplashes to wall paneling, vanity tops and even custom-made furniture.

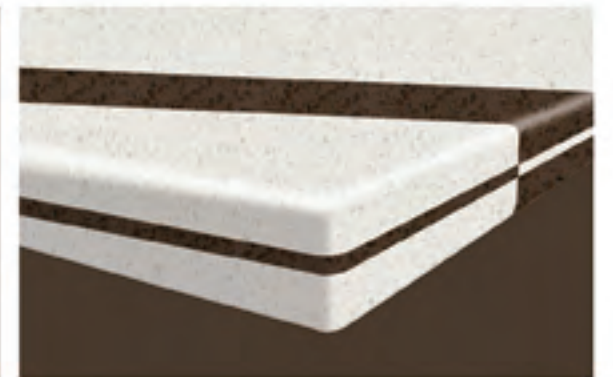

QUARTZ SURFACE

石英石

YEEYANG Quartz Surface are processed standard Kitchen countertop sizes and Vanity Tops sizes, with own modern facilities, we contract many custom products for residential and hospitality projects.
